

BLACK CREEK STAGE I VOLUNTARY WATER USE REDUCTIONS

Water users are encouraged to reduce their water use and improve water use efficiency. Water supply conditions indicate a potential for shortage. Stage I will be initiated when all Town wells pump for more than 10 hours in a single day. The following should be encouraged under Stage I Response:

1. Residential customers will be encouraged to practice the following conservational measures:
 - a. Use shower for bathing rather than a bathtub whenever possible. Try and limit the time to 5 minutes.
 - b. Do not leave water running while shaving or washing dishes
 - c. Run dish washers and clothes washers only when fully loaded.
 - d. Do not use sprinklers just to cool off or for play.
 - e. Delay new landscaping and seeding until a later date whenever possible.
 - f. No watering of existing lawns just what is necessary for plants to survive.
 - g. Water shrubbery the minimum required, reusing household water when possible.
 - h. Limit car washing to a minimum.
 - i. Limit washing down of outside areas such as sidewalks, patios, siding, etc.
 - j. Install water saving devices in shower heads whenever possible.
 - k. Install water saving devices in toilets such as water filled plastic jugs.
 - l. Use disposable dishes and utensils when possible.
